ORIGINAL ARTICLES

Interaction of caffeine with regadenoson-induced hyperemic myocardial blood flow as measured by positron emission tomography: a randomized, double-blind, placebo-controlled crossover trial. O Gaemperli, T Schepis, P Koepfli, PT Siegrist, S Fleischmann, P Nguyen, A Olmsted, W Wang, H Lieu, PA Kaufmann
J Am Coll Cardiol 2008 Jan 22;51(3):328-9

Repeatability of cold pressor test induced flow increase assessed with 15-labeled water and PET. P Siegrist, O Gaemperli, P Koepfli, T Schepis, M Namdar, I Valenta, H. Alkadhi, F Aiello, S Fleischmann, PA Kaufmann
J Nucl Med 2006 Sep;47(9):1420-6

Caffeine decreases exercise-induced coronary flow reserve. M Namdar, P Koepfli, R Gratwohl, PT Siegrist, M Klainguti, T Schepis, R Delaloye, CA Wyss, SP Fleischmann, PA Kaufmann
J Am Coll Cardiol 2006;47:405-410 (IF 9.1)

Gated technetium-99m-tetrofosmin SPECT for discriminating infarct from artifact in fixed myocardial perfusion defects.
S Fleischmann, P Koepfli, M Namdar, PA Kaufmann
J Nucl Med 2004;45:754-759

CASE REPORTS

Acute isolated dislocations of the distal radioulnar joint - Case Report and Review of the literature.
S Fleischmann, A Frischknecht, H Büchel, GA Melcher

Im Westen Was Neues.
I Pasternak, A Frischknecht, S Fleischmann, B Jentsch, H Büchel, GA Melcher
Schweiz Med Forum 2011;11(28):2

Spontaneous Rupture of a Hepatocellular Carcinoma.
I Pasternak, S Fleischmann, H Büchel, GA Melcher
Swiss Med Wkly (Supplementum 183) 2010;140; September 18, 2010

ABSTRACTS presented at International Scientific Meeting

A case of acute isolated dislocation of the distal radioulnar joint – ulna volar.

S Fleischmann, A Frischknecht, H Büchel, GA Melcher

ECTES, Basel, May 2012

Interaction of caffeine with regadenoson-induced hyperemic myocardial blood flow as measured by PET.

P Koepfli, T Schepis, O Gaemperli, PT Siegrist, SP Fleischmann, H Lieu, PA Kaufmann

ESC, Barcelona, September 2006

Myocardial perfusion scanning with ¹³N-ammonia-PET as predictor of benefit from revascularization procedure in patients with coronary artery disease. N Bartenstein, JP Hellermann, PT Siegrist, SP Fleischmann, T Schepis, M Namdar, M Genoni, PA Kaufmann

ESC, Stockholm, September 2005

Delayed myocardial blood flow recovery after bicycle exercise stress.

PT Siegrist, P Koepfli, SP Fleischmann, T Schepis, M Schmidiger, PA Kaufmann

ESC, Stockholm, September 2005

Repeatability of cold pressure testing as stimulus for myocardial blood flow response.

PT Siegrist, P Koepfli, SP Fleischmann, T Schepis, M Schmidiger, PA Kaufmann

ESC, Stockholm, September 2005

Impact of recovery on the time course of myocardial blood flow after bicycle exercise stress.

PT Siegrist, P Koepfli, SP Fleischmann, N Comte, M Schmidiger, PA Kaufmann

SNM, Toronto, June 2005

Reproducibility of cold pressure test induced flow increase assessed with PET.

PT Siegrist, P Koepfli, SP Fleischmann, N Comte, M Schmidiger, PA Kaufmann

SNM, Toronto, June 2005

Gated ^{99m}Tc-tetrofosmin single-photon emission computed tomography for differentiation of myocardial scar from attenuation artifact.

S Fleischmann, M Namdar, P Koepfli, PA Kaufmann

ESC, Stockholm, September, 2003

ABSTRACTS presented at National Scientific Meeting

Internal fixation of the midshaft clavicle with 3.5mm reconstruction LC-Plate - a safe, adaptable and cost effective option.

A Frischknecht, S Fleischmann, A Platz

British Journal of Surgery 2014 Jun 101;s5 (BJS Supplement: Abstracts of the 101st Annual Congress of the Swiss Society of Surgery, 21–23 May 2014, Berne, Switzerland

Open Reduction and Plate Fixation of Displaced Midshaft Clavicular Fractures - Complication Analysis of 163 Consecutive Cases.

A Frischknecht, S Fleischmann, A Platz

SGC, Bern, May 2014

Internal Fixation of the Midshaft Clavicle with 3.5mm Reconstruction LC-Plate – A Safe, Adaptable and Costeffective Option.
A Frischknecht, S Fleischmann, A Platz
SGC, Bern, May 2014

A rare case of acute isolated dislocation of the distal radioulnar joint – ulna volar.
S Fleischmann, A Frischknecht, H Büchel, GA Melcher
SGC, Davos, June 2012 (1. Posterpreis der SGACT)

Risk factors and reliability of a standardized algorithm for patients' evaluation with minor traumatic brain injury (MTBI)
S Fleischmann, R Vachenauer, L Vonzun, GA Melcher
SGC, Genève, May 2011

Spontaneous Rupture of a Hepatocellular Carcinoma
I Pasternak, S Fleischmann, H Büchel, GA Melcher
SGC, Genève, May 2011

Fractured posterior malleolus in trauma of the ankle - Is a CT Scan of benefit for surgical strategy?
S Fleischmann, J Forberger, M Dietrich, A Platz
SGC, Montreux, June 2009

Reproducibility of myocardial blood flow assessment during cold pressure test.
PT Siegrist, P Koepfli, SP Fleischmann, N Comte, T Schepis, M Schmidiger, PA Kaufmann
SSC, Lausanne, June 2005

Gated 99m-Tc-tetrofosmin SPECT to characterize fixed defects as infarct versus artifact.
S Fleischmann, M Namdar, P Koepfli, PA Kaufmann
SSC, Lausanne, May 2003

Comparison of left ventricular wall motion abnormality assessed with gated SPECT using tetrofosmin versus echocardiography.
S Fleischmann, P Koepfli, M Namdar, M Griff, G Kacel, PA Kaufmann
SSNM, Aarau, June 2002
